DETAILED ACTION

Election/Restrictions

Newly submitted claims 26-40 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claims 26-40 are drawn to a independent and distinct species of claims from that of originally elected claims 10-17.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 26-40 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Response to Amendment

The reply filed on 6/10/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant canceled all previously pending claims which were examined and presented a new species of claims. Applicant's new species are withdrawn on the grounds of election by previous presentation since Applicant has already received an action on the merits of the original claims. Therefore currently there are no pending claims in the case. Lastly, Applicant presents arguments between the newly submitted claims and the prior art used to reject the previously pending claims; such arguments are not persuasive since the claims are no longer pending. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in

order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
